📍 Argentina, CABA

EXPERIENCE

Senior Frontend Developer

Meli - MercadoLibre

📍 Argentina

🔗 <http://www.mercadolibre.com>

- Working at Latin America's leading e-commerce and fintech ecosystem, as part of the Supermarket & Proximity team.
- Focused on building scalable, high-performance user interfaces using React, TypeScript, Storybook, SCSS (BEM), Jest, and end-to-end testing.

Senior Frontend Developer

Vlex

📍 Spain

🔗 <https://www.vlex.com/>

- Global legaltech company that provides access to legal information and AI-powered tools for legal professionals.
- Next.js, TypeScript, Web Components, Shoelace, Bootstrap and Strapi.
- **Achievements:** I contributed to the development of the main landing page, the facade project, and the migration of the platform's infrastructure to Web Components.

Full Stack Developer

Falabella Financiero

📍 Chile

🔗 <https://fpay.cl/>

- Wallet for LATAM
- Collaborating in Frontend Core using ReactJs stacks
- Material-UI - Styled Components - Jest & Enzyme Testing
- **Achievements:** Developed and implemented "Account Movements" and "Reports" sections, enabling thousands of users to access their balance summaries daily.

Senior Frontend Developer

Kinsper

📍 México

🔗 <https://www.truepayprotects.com>

<https://golive.theroshvengroup.com/>

- Managed frontend development for goLive, Truepay and Balsas projects.
- Led deployment using AWS and Vercel, programming with Typescript and JavaScript, and frontend development with Next.js.
- Optimized backend processes with Prisma and database management using Neon Postgres.
- Designed user interfaces with Material UI, Tailwind CSS, and Flowbite, enhancing user engagement and satisfaction.
- **Achievements:** Successfully defined the technological stack, developed, and implemented two projects, ensuring timely and successful delivery.

SUMMARY

Experienced Frontend Developer based in Buenos Aires, Argentina, with a track record of success in leading and contributing to high-impact projects. Specializing in ReactJs, I have collaborated on projects for prominent companies like Falabella Financiero, Danone, and Skydropx, where I enhanced team performance, improved SEO, and developed innovative solutions. My experience extends managing projects end-to-end, utilizing a range of technologies. Passionate about continuous learning and delivering exceptional results, I am now seeking new challenges and opportunities for growth in a dynamic environment.
